Zusammenarbeit (GIZ) GmbH

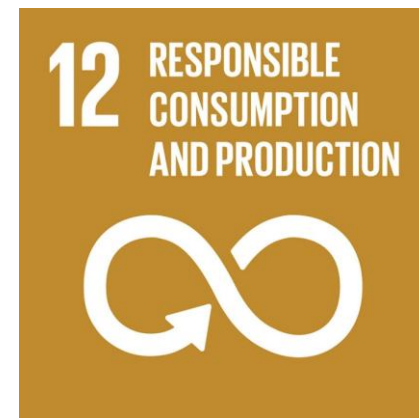

FABRIC Cambodia

OUR OBJECTIVE

The textile and garment industry in Cambodia is better prepared to meet the sustainability requirements of international markets

SUSTAINABLE
DEVELOPMENT
GOALS

Our Approach

REGULATORY & POLICY ADVISORY

Supporting the government on regulatory and policy advisory and capacity development program to improve environmental and social standards in the industry.

Public-Private Dialogues

Evidence-based policy advisory

Technical and process advisory of selected public institutions for the implementation of policies

ENVIRONMENTAL SUSTAINABILITY

Supporting the government on regulatory and policy advisory and capacity development program to improve environmental and social standards in the industry thus, contribute to environmentally and climate-friendly production.

Integration of sustainable waste management practices into existing production processes

Increase the number of quality feedstock through improved sorting to supply for the recycling industry.

Professionalization and expansion of the waste management system for textile industry.

WOMEN EMPOWERMENT

Improving women's co-determination and access to supportive platforms such as WE House, WE Network, Gender Platform, and grievance mechanisms, while providing them with capacity development on necessary knowledge and skills which enable them exercising their roles better.

Scaling-up of the WE-House approach

Community-engagement:

- Gender-Based Violence and Harassment
- Financial Literacy
- Social Protection
- Our Rights App

Strengthening effective grievance mechanisms and the prevention of GBVH.

Women Empowerment
Network

The **Women Empowerment (WE) Network** is a network of partner organisations working jointly to empower women (garment workers & beyond) across Cambodia through collaborative efforts, advocacy, and capacity-building initiatives.

Launched in 2025 to make **WE House** services available across the country, WE Network is already delivering a variety of impactful events, focusing on awareness raising and community engagement.

About the WE Network

What We Do

Women Representation

Support: women unionists through peer learning

Capacity building: GBVH, HREDD, heat stress, etc.

WE House

Support services: legal advice and psychological counselling

Trainings offered: GBVH, NSSF, rights, financial literacy, digital skills, etc.

Mental Health

On-site training:

Psychological First Aid for leaders and reps, ensuring real-time support

Community-Based Events

Location: across provinces in Cambodia

Awareness sessions: GBVH, financial literacy, heat stress, NSSF, rights, etc.
