Promoting Monitoring and Evaluation Digitalization in Civil Society Organizations

“Mobile Data Collection and Reporting Tool”

19th February 2016

At DIAKONIA Center (ICF/KSSA Building)

Objectives of the forum are:

- To introduce the APP on mobile data collection & reporting tools.
- To demonstrate and practice the APP in mobile data collection and reporting tool.
- To share feedback and critical learning on how the APP can be improved.
- To assess how the APP can be used to promote accountability and data management of newly adapted global plan, called Sustainable Development Goals (SDGs).
- To build relationship between the interested NGOs in using mobile data collection & reporting tools.
