The Working Group will play role as an oversight committee to provide strategic and technical support to NGO community to promote and improve their Human Resource Management, Monitoring and Evaluation, Information Communication Technology and financial management system within their organizations for effectiveness and efficiency development in NGO sector of Cambodia.

To keep responding to the needs of the NGO community; CCC had conducted the 22nd ICT Learning Forum on 26 July 2017 with the main topic is “*Social Media, IT Policy and Technology Highlight on AR*”. On the other hand, to strengthen the capacity on NGO governance in Cambodia, the ICT Working Group members decided to select the main topic which raised by NGO participants during the last learning forum on “**Cost Effective Contents**
