HOLT CHILDREN'S SERVICES, INC.

# Underprivileged Children Support Project

Holt Children's Services, Inc. has started in April 2012 in Trapaing Anhchanh Village, Sangkat Trapaing Krasaing, Khan Posenchey, Phnom Penh aiming to improve the children's lives and welfare. In our program, we have provided Non-Formal Education named "After School Program" such as English, Art, Morality, Sanitation, Music, Birthday, Rice support and other Extra Curricular Activities to build their capacity of studying. Most of the children are on the trend of poorness and vulnerability because their parents are the factory workers construction workers and scavengers. Every year, we select the needy children from the community to get our services. Holt organization has helped them to improve their well-being, and education.
