Dear Respected Members and Partners,

Warm greetings from the Cooperation Committee for Cambodia (CCC).

I am pleased to inform you that CCC has commissioned Future Forum to conduct a research study entitled “**CSO Enabling Environment and Inclusive Partnership.**” The study aims to reflect practical evidence on the current enabling environment for CSOs and assess inclusive partnerships among CSOs, and between CSOs, government, and the private sector. The findings will contribute to generating clear conclusions and feasible recommendations to strengthen the enabling environment and partnership mechanisms in Cambodia.

As a key component of this research process, CCC is honored to invite you or your senior representative to participate in a **Focus Group Discussion** with selected CSO leaders to share your insights, experiences, and recommendations.

For your reference and preparation, **please find the concept note**, which provides background information and an overview of the study and discussion framework.

The discussion will be held:

- **Date:** 13 May 2026
- **Time:** 8:30 AM-12:00 PM
- **Venue:** (To Be Confirmed), in Phnom Penh

Your valuable perspectives will greatly help ensure that the study findings accurately reflect the realities and needs of CSOs across Cambodia.

I would highly appreciate it if you could kindly confirm your availability by **8 May 2026**.
